

24/7 QUANTUM® Dryer Controller Connectivity!

Now you can easily connect with Brock's popular QUANTUM® Dryer Controller and remotely monitor your dryer using a personal computer, smartphone or tablet anytime, nearly anywhere.

- Check all drying parameters in real time for diagnostic purposes.
- View all dryer settings.
- Receive text alerts when a dryer alarm occurs.
- Link multiple dryers to the same account for easy monitoring.
- Review dryer history as well as current and past logged alarms.
- Directly upload future operating software updates to the QUANTUM.
